Summary of Provider Review Profile (PRP) Data

The table below indicates [PROVIDER NAME]'s data as measured against a benchmark of relatively similar providers (e.g. client count, Algo levels) in each risk category.

- Data in the *Expected Range* column indicates your organization <u>operates comparably to its peers</u> in the risk categories listed. Data reflected in these risk areas may be indicative that your organization's operational systems are operating as designed.
- Data in the *Below the Expected Range* or *Above the Expected Range* columns indicates your organization <u>does not</u> operate comparably to its <u>peers</u> in the risk categories listed. Data reflected in these risk areas may be indicative of issues within your organization's operational systems.

Section I - PRP Complaints and Incidents Data (Risk Areas include: Complaints, Complaint Issues Substantiated, % Issues Requiring a CAP, CERT, Incidents, Sentinel Incidents, % of Incidents Made Sentinel, Behavioral Incidents, and Medical Incidents)			
Below the Expected Range	Expected Range	Above the Expected Range	N/A
		g	- 1/1-2
